

GladeCal

Next Generation Organic-Chelated Calcium

GUARANTEED ANALYSIS:

Calcium (Ca) 6.00%
6.00% Chelated Calcium (Ca)
Derived from: Calcium Organic Acid Chelate

CAUTION

Keep Out of Reach of Children

GladeCal is a next generation Calcium supplement chelated with naturally occurring, low-molecular weight organic acid extracts. These organic acid extracts complex the Calcium ion and make it more available to the plant. Low-molecular weight organic acid extracts are used to enhance nutrient absorption and translocation within the plant. The enhanced absorption and translocation of Calcium makes **GladeCal** an excellent foliar supplement to aid in the correction and prevention of Calcium deficiencies. The use of a foliar Calcium supplement can aid with the prevention of celery blackheart, and blossom-end rot in multiple vegetable crops.

Manufactured By:
Glades Formulating Corp. (F-1811)
PO Box 1690
Belle Glade, FL 33430

DIRECTIONS FOR USE

Vegetables & Row Crops: 1 to 2 quarts per acre in enough water to cover. Use multiple applications.

Citrus & Tree Crops: Apply 2 to 3 quarts per acre in enough water to cover.

Turf: Apply 3-6 ounces per 1000 sqft in 1 gal water/1000 sqft

Ornamentals & Transplants: 1 to 2 quarts per 100 gallons of water, drench thoroughly.

SPRAY RECOMMENDATIONS

Always perform a jar test for compatibility. Avoid tank mixing with heavy-phosphate fertilizers or alkaline products. Apply in early morning or late evening, avoid excessive heat or dry conditions.

IN CASE OF CONTACT

Ingestion: Drink 2 glasses of water or milk if conscious. Seek immediate medical attention.

Eyes: Rinse with clean water for 15 minutes. Seek immediate medical attention.

Skin: Remove contaminated clothing. Wash with soap and water. Seek medical attention.

Storage: Store in cool place in original container in locked area inaccessible to children, pets, or wildlife.

Disposal: Triple rinse empty containers, and offer for recycling or disposal by federal, state, and local approved procedures.
